SPRINT CAR & MIDGET PACIFIC COAST NATIONALS

ONE OF A KIND — Possibly one of the most phenomenal racers to have passed through the USAC ranks, Rich Vogler, would have been here to defend the PCN midget title had he not died July 21 doing what he loved best, racing. The only driver to capture both national USAC sprint car and midget championships in the same year (1980), as well as eight other titles, he had never won a race at Ascot until 1989. Rich got his first Gardena checker on the quarter-mile during the April-May ESPN series, and then both PCN midgets on the half. (Mike Arthur photo)
